

# Certificate of Quality

## **REICH AIRMASTER UK 5000BE - G 505H - UNI 3000 m**

is a German product of highest quality, manufactured by REICH Thermoprozesstechnik GmbH.

All REICH universal smokehouses and smoke generators conform to the following quality standards:

- Solid welded body, completely made of certificated stainless steel
- All built-in components are produced by German manufacturers or by manufacturers within the European Union (EU)
- All products comply with the latest valid quality regulations
- All products comply with the latest valid technical regulations
- Each machine meets the highest quality demands of the REICH standards
- Each machine is checked in detail as a complete unit before dispatch

**Schechingen / GERMANY, 7.5.2024**

A handwritten signature in black ink is written over the REICH logo. Below the signature, the company name and contact information are printed in blue.
